### Tiny Tiger Theatrics

Our Kindergarten students presented their class play "Three Piggy Opera," on May 1st and 2nd. The show was directed by Brookside's music teacher, Amanda Benjamin, and funded by your generous donations to the PTA.

Each class had their own performance for family and friends. The shows were better than ever, and audience members were delighted by the talented students' efforts. Thank you to everyone who made these events possible.

**“In the spring, at the end of the day, you should smell like dirt.”**

Brookside Discovery Kindergarten, Kindergarten and First grade students have been getting lessons on composting from Debra Leith, OPUSD’s School Garden Specialist. Tables with compost samples on paper plates were set up in the quad for students to explore the newly made soil and decomposer creatures after Mrs. Leith talked to them about nature’s way of recycling natural plant materials including kitchen scraps and garden waste. These lessons are the introduction to gardening education aligned to Next Generation Science Standards for upper grade students, where composting education also features the nitrogen and carbon cycles, and plant use of potassium and phosphorus. Our garden raised beds are temporarily located in back of the third grade portable classrooms where students grow fruits and vegetables that are used in school lunches.

## Pint Sized Heros!

Brookside parents and community members came out on Thursday, May 3rd to support their students. The PTA sponsored a Red Cross blood drive that was held in the multipurpose room, and each student who was able to enlist an adult to give blood in their name will receive a "Pint Sized Hero" medal and certificate.

31 units were collected from Brookside volunteers, which can save up 93 lives. This event helps children understand the importance of giving blood and the idea should carry over to adulthood when they can give blood. Thanks to Maria Cross, Michele Abdulaziz, Danielle McFadden, Bridget Baskin, Virginia Rosenthal, Judie Berro, Denise Zweig and who all volunteered at the blood drive and helped to make it a success.

## Caring For Our Oceans: Earth Week Thank You!

"Caring for Our Oceans" was the theme for the EEAC's Celebration of Earth Week this year. Students learned about marine debris and plastics pollution, how it affects our waterways and what they can do to help.

This year our "Social Change" drive supported restoration efforts to help numerous bird species, including the Laysan Albatross, on Midway Atoll, which is part of the Northwest Hawaiian Islands National Marine Sanctuary (FriendsOfMidway.org). First, a huge thank you to all students, parents and teachers for supporting this effort. With your support, we raised over \$4,400 from the three elementary schools, and Brookside families contributed over \$1,300.

The Brookside class that raised the most funds was Mrs. Varju's and Mrs. Koch's 3<sup>rd</sup> grade class and they have decided to name their albatross chick "Sky." Your generous donations will

surely be put to good use to help all of the birds on Midway Atoll. You can check out a live bird cam of similar birds located on Kauai [here](#).

## Summer Reading Program

School will soon be out for the summer, which means there will be plenty of time for reading. Ventura County Library would like to invite our students to participate in Summer Reading 2018, "Reading Takes You Everywhere" from June 1st through August 4th. The benefits to students of summer reading are clear and libraries are part of the solution.

Young people experience learning losses when they do not engage in educational activities during the summer. Those who do not read over the summer can lose up to 2 months of learning by the time they return to school in the fall, referred to as "summer slide."
