SCHOOL AND COMMUNITY

Oak Park High School (OPHS) is a comprehensive 4-year public high school in the award-winning Oak Park Unified School District (OPUSD), serving approximately 1,450 students in grades 9-12 and is nationally recognized for its academic excellence. WASC accredited, OPHS is a National Blue Ribbon School and was named a California Distinguished School in 2019 and a Gold Ribbon School in 2015. OPUSD was named an exemplary school district in 2018 and 2019, one of only 22 districts in California. OPUSD was named the first U.S. Department of Education Green Ribbon School District in California in 2013. Oak Park High School received the California Department of Education Exemplary CTE Program.

The school district was unified in 1977 and consists of one preschool, three elementary schools (K-5), one middle school (6-8), one high school (9-12), an independent school, and an alternative education high school. Oak Park is an unincorporated area located in the southeast corner of Ventura County, immediately adjacent to Los Angeles County. The academic reputation of the high school attracts over 40% of its students from the San Fernando Valley, Conejo Valley, and Simi Valley areas, through the District of Choice program, creating a diverse community with high academic expectations. Main areas of employment include healthcare, science, entertainment, legal, and finance professions. The district motto is: *Educating Compassionate and Creative Global Citizens.*

DISTRICT OF CHOICE

The Oak Park Unified School District has accepted students from other school districts through the State's District of Choice program. These permits do not require a release from resident districts. For the 2021-2022 school year, approximately 55.5% of the total OPUSD enrollment consists of students that live outside of the OPUSD boundary.

PANDEMIC RESPONSE

On 3/23/2020 distance learning was implemented. The following year on 3/22/21, students had the option of distance or hybrid learning for the remainder of the 2020-21 school year. Throughout distance and hybrid learning periods, we utilized existing technology tools and a one-to-one Chromebook program. Students received full-time academic instruction with curriculum integrity and rigor. They were held accountable for attendance and received letter grades. Adhering to California AB104, students were given the option to replace any grade from the 2020/21 school year to a PASS/NO PASS. On 8/9/21 OPHS returned to full in-person instruction.

Community college Dual Enrollment courses are included, if requested and approved, on the OPHS transcript but are not weighted and may be used to meet a graduation requirement.
