

Survey of Math Educators

THANK YOU for participating in this research.

We recognize that you are a busy professional and appreciate your commitment to math instruction. The results of our study will be used to develop classroom materials closely aligned with the needs of students and teachers nationwide.

Please be assured that all of your comments will be held in strict confidence. We will never release your name, email address, or any other identifying information.

Would you like to be entered in our drawing for one of three \$100 cash prizes? (We will ask for your email address before you submit this questionnaire.) *

- Absolutely
- No, thanks
