*Reasons:																										
1 - No space due to established enrollment cap																										
2 - Denial for Other Reasons																										
3 - Not eligible due to 3% or 10% cap restriction from district of residence																										
** Moves - Number of OPUSD resident students who moved out of OP during 2014-2015 school year, but are approved to continue attending OPUSD through a permit																										
# All new Inters Into OPUSD - This number reflects all new District of Choice transfers, employment related transfers and EC 46600 transfers into Oak Park for school year 2014-2015 (excludes students who started school year living in OPUSD, but moved to a new district)																										
^ Out of OPUSD - This number reflects the students who have transferred out of OPUSD under all types of transfers.																										
The first column represents current residents leaving and the second column represents students who moved into Oak Park during current school year, but requested to stay in their former district..
