Mission

The mission of the Oak Park Unified School District is to provide students with a strong foundation for learning which meets the challenge of the present and of the future through a balance education which includes academic achievement, personal growth and social responsibility.

Oak View High School's Mission Statement

Oak View High School, in partnership with home, community, business, and higher education, offers an alternative educational experience where students are the first priority. Our students are encouraged to reach their full potentials in a safe, personalized and caring, instructional environment. Our program provides the skills, knowledge, insight, and character building experiences, which are necessary to make the successful transition from school to productive careers and rewarding lives. We ensure our mission through our Global Learning Goals, and the development of appropriate social skills through caring, compassionate interactions with all stakeholders.

Global Learning Goals

1. Effective Communicators who:

- A. Read, understand and interpret a variety of works including fiction and nonfiction, as measured by progress on standards-based coursework.
- B. Express ideas clearly through high quality written, oral and multi-media presentations individually and in groups.
- C. Write effectively for self-expression, persuasion, information and research as measured by essays and power point presentations.

As measured by:

- Assignment grades
- Report card grades
- Rubrics
- SRI assessments
- Effective use of technology
- Research skills
- Pass rate on the CAHSEE
- Portfolios
- STAR Assessment
- EAP college readiness assessment

2. Self-directed Learners and Individuals who:

- A. Effectively plan and allocate time and resources to complete a project with a long-term deadline.
- B. Access a variety of information resources, evaluate the appropriateness and validity of the information, and synthesize the information into original authorship.
- C. Select appropriate technology and effectively integrate it into a variety of assignments/projects across the curriculum.
- D. Exhibit growth, reflection, and self-evaluation as measured by class rubrics.

As measured by:

- Assignment grades
- Report card grades that demonstrate knowledge of key concepts, principles, processes, facts and skills in all courses.
- Accrual of credits toward graduation
- Rubrics
- SRI assessments
- Performance on course benchmark assessments
- Effective use of technology
- Research skills
- Pass rate on the CAHSEE
- Portfolios of student work
- Enrollment in on-line courses

3. Creative, Critical Thinkers who:

- A. Organize and process symbols, pictures, graphs, and other information across the content areas.
- B. Reach solutions by selecting and using appropriate problem solving techniques.
- C. Optimize learning, by acquiring and applying knowledge of personal learning style.

As measured by:

- **Standardized test scores (STAR); Performance Assessment; PSAT, CAHSEE, SAT/ACT**
- **Performance on Basic Math Assessment**
- **Performance on midterms and finals (course benchmark assessments)**
- **Effective utilization of technology—online resources; Power Point projects**
- **Real world applications and open-ended projects that reflect rigor creativity and relevance**
- **Application of knowledge through higher-order thinking skills**

4. Healthy Productive Citizens who:

- A. Participate in activities that improve personal wellness and physical fitness as measured by counseling group enrollment, P.E activities, and electives.
- B. Contribute to community well-being and civic affairs as measured by community service elective credit earned.
- C. Explore and develop a personal academic and career plan in preparation for the future through such experiences as career education and school counseling and measured by knowledge of personal transcript.
- D. Engage in good citizenship actions as measured by such awards as Triple A Award, Step-up In Character Award, and through public recognition.

As measured by:

- **Attendance rate**
- **Work habits and cooperation marks**
- **Student awards/recognition**
- **Records and descriptions of community service**
- **Physical Fitness test scores**
- **Naviance career exploration**
- **Discipline records**
- **College acceptance and employment**
- **Work experience**
- **Myers Briggs Inventory**
- **Healthy Kids Survey**
- **Bullying/Harassment Survey**
- **Senior Exit Survey**

Oak View High School

Ensuring a Safe and Orderly Environment

SCHOOL CLIMATE

We are accountable to parents and provide them with our newsletter five times per year. Teachers communicate in an ongoing manner through meetings, site council membership, emails, phone contact and "Good Grams" for positive behavior and accomplishments.

Parents are kept informed of monthly activities through the *Oak Views*, our school newsletter. Parents are often overwhelmingly positive and relieved when they see their students bloom and succeed at Oak View. They show their support by writing letters, attending board meetings, volunteering to help with our outreach programs and serving on Site Council. Parents donate food and toys for the school's two outreach drives.

We build on the cultural richness of our school community through school barbeques, celebrations and recognition activities.

Oak View High School supports the OPUSD Moral Imperatives, including the belief in professional development as critical to fulfilling our vision for teaching and learning. This needs to be authentic and differentiated just as instruction is for our students. Teachers benefit from having choices and are eager to invest in their own professional development plan and implementation. We promote and support a culture of life-long learning among all staff.

Oak View teachers and classrooms are recognized as 21st century teachers and classrooms. Teachers continued to develop their skills through training in teacher laptop skills, document camera use, smart response technology, power point and smart board presentations, and website design.

Based on student data, achievement and needs, our staff development is focused on developing clear expectations across a standards-based curriculum, enhancing the academic rigor of teaching and learning, content literacy, test-taking skills, and differentiated instruction for all students and subgroups. Teachers refined skills in language arts and math strategies. Teachers are supported through both district and site funding in conference attendance that meets their professional development needs. Staff participate in district-sponsored training, individualized conferences, and site level Faculty Study Groups that focus on specific teaching and learning topics. For example, training was completed in CPR, on line curriculum software implementation, student health (diabetes) training, Office Word and how to develop a math assessment portfolio. Teachers and staff completed training in student self-injury identification strategies. Additionally, teachers are prepared to implement the TUPE program, aimed at tobacco and drug prevention.

The NCLB imperatives for highly qualified teachers are supported at Oak View High School. In collaboration with OPUSD personnel and secondary education support staff, we are ensuring that all teachers are documented as highly qualified.

We set high academic and behavior goals by expecting the very best from each student. School-wide and classroom expectations emphasize individual responsibility and accountability for academic performance, attendance and behavior.

Curriculum and teaching practices are continually improved through the professional development program noted earlier. In addition, we participate in the WASC Accreditation process with great success.

Health and Resiliency curriculum includes administering the Healthy Kids Survey, our needs sensing assessment. We offer TUPE prevention and intervention activities for tobacco and drug use. Also, we have a chemical dependency counseling pull out program throughout the year. The Clean Teen Program recognizes and supports students who are leading a clean and healthy lifestyle.

Multiple learning types are addressed through student participation in a series of self-discovery inventories that inform students about their thinking style, learning style and personality preferences. Teachers personalize and individual student activities throughout the day.

Caring, supportive relationships are a cornerstone of Oak View High School. All staff members are dedicated to providing a consistent message to students: We care about you and about your school success. We will support you any way we can.

Meaningful participation in school activities is available through student government participation, newsletter committee, yearbook committee, and garden club and aquarium club. All staff maintain an open door philosophy so that students feel valued.

Respect and critical thinking is also a cornerstone for Oak View. Our message is if you want respect then you must offer respect to others. Counseling groups and individual sessions emphasize making good choices and developing positive plans to face personal obstacles.

Clear standards and enforcement is supported through orientation meetings with students, communication with parents and weekly staff meetings to discuss current behavior issues on campus.

Threat assessment is a constant dynamic at Oak View. We immediately discuss situations and consult district personnel and law enforcement as needed.

We empower students to take responsibility for safety through school assemblies that acknowledge students who are doing the right thing and informing staff about dangerous situations. We also promote a student culture of "let's watch each other's backs" in doing the right thing and staying safe.

Bullying prevention and tolerance training is provided through periodic inservices for all staff to attend. We also discuss and analyze the results of the Healthy Kids Survey.

PHYSICAL ENVIRONMENT

Our district custodial maintenance and grounds crews do an excellent job with maintaining a clean, safe and beautiful facility and grounds. Flowers, trees and the entire campus is regularly maintained and mowed.

Oak View is an important part of the community, as we are known for student participation in community service activities throughout Ventura County and beyond.

Student crime and truancy is shared with law enforcement through personalized Sheriff visits to our school. In addition, we participate in the SARB process that includes representatives from local law enforcement.

Campus security is supported through video surveillance camera, walkie talkie communication, law enforcement partnerships and lock down drills.

We limit loitering through the establishment of clear school rules about where students can congregate and where they cannot.

Campus monitoring is through surveillance cameras and by the vigilance of all staff throughout the school day.

Custodial staff maintains clean and safe restrooms regularly. We have an excellent, new restroom modular for our students and staff.

Outdoor security lighting and prompt maintenance maintain adequate lighting.

Current texts and materials are provided through the expenditure of district funds to support a quality education at Oak View High School.

We have on hand a variety of sports equipment for intramural and physical education participation including footballs, basketballs, softball equipment, soccer equipment and exercise equipment.

A well-stocked library is maintained in our language arts classroom and is actively supported through parent, staff and community donations.

Security procedures are communicated to parents through information in our school handbook and in periodic emails and voicemails.

The rare occurrences of vandalism are most often dealt with prior to students arriving in the morning. All school and district staff act promptly to remove, clean or repair so that our campus is once again a safe welcoming place for all.

Campus beautification projects include our organic garden, trash pick up duties and participation in the district-wide Big Sunday service event each spring.

Neighbors are encouraged to report issues and problems to us and often do. We believe it is a partnership with our neighbors.

The message is clear about no weapons or drugs on campus. We conduct routine canine search dog events and we search students with reasonable cause. Behavior violations are promptly addresses as per education code.

Safety on Site

Appropriate Programs and Strategies that Provide School Safety

In this section write in narrative form which programs and strategies are in place at your site that provide/enhance school safety. (This section should be about 1 or 2 pages in length.)

Some possibilities are:

1. Law enforcement presence – role in school safety
2. School administration who provide school safety support – position and role
3. Attendance policies - TRP Program – monitors and reinforces requirements for school attendance
4. Campus supervisors – How many and role in school safety
5. Communication tools – Radios, cell phones, intercom, etc.
6. Other staff – Community counselor, outreach, intervention specialist, etc. – role in school safety
7. Student identification policy
8. Visitor policy
9. Monitoring and reinforcement of the requirements of school academic progress and school behavior
10. List and explain examples of various available resources that support school safety on your campus:
 - Counseling: Personal Counseling, Intervention Specialist, Community Counselor, EL coordinator, etc.
 - Prevention and Intervention Programs – which are in place and future plans for implementation
Safe School Ambassadors, Peer mediation programs, FNL, TUPE, TATU, Support Teams, peer help programs, conflict resolution programs, class size reduction, tutoring, parent training, alternative programs (Independent studies, Workforce 2000, ROP, Discovery Center, etc) structured positive activities during non instructional time, after school recreation, community or neighborhood watch programs, youth service programs, gang prevention and intervention

Programs and Strategies that Provide School Safety

Law enforcement personnel are routinely contacted and met with throughout the school year. Public safety officials play a partnership role in behavior and safety issues. Law enforcement is contacted for requests to patrol our neighborhood when suspicions of safety threats are known.

Both district and site administration provides school safety support. The principal serves as site incident commander and coordinates with the district commander and CERT personnel.

School attendance is monitored daily through parent contact and student counseling. All students and parents know clear expectations for attendance and the subsequent consequences. Serious attendance cases are processed through our district attendance team and by the county SART board.

Communication tools include walkie-talkies, intercoms, telephones, email, and the All Call System.

Our school counselor plays an important role in school safety through meeting with individual students and small groups to discuss safety issues and to uncover any situations that are occurring on our campus.

Our visitor policy requires all visitors to report to the school office. Students and staff are trained to immediately report and strangers on campus. Lock Down drills are regularly implemented.

Academic progress and good behavior are regularly monitored and reinforced. Parents and students receive our School Handbook that clearly explains all academic, behavior and discipline policies. Staff meet each week to report current situations, problems and issues regarding academic progress and behavior. Interventions are developed and implemented.

Available resources are utilized to support school safety. A chemical dependency counselor meets each week with students at risk from drugs and alcohol. Local counseling agencies donate time and resources to work with our most impacted students. The TUPE program provides prevention and intervention resources to address tobacco and alcohol use. Community service involvement helps students develop a sense of empowerment and community responsibility. Our school counselor refers students and

parents to outside support groups for a variety of personal and social issues facing our students. Students are reinforced for positive choices through recognition and reward assemblies and events. The Clean Teen Program tests students for drug use, on a voluntary basis with both parent and student approval. Students leading a clean lifestyle are reinforced through special privileges and activities.

Safety at Oak View High School

ACCESS TO CAMPUS: Oak View High School is a closed campus. This means that students may not leave campus for any reason without the consent of the parent and the administration. *If a student has permission from a parent to leave for a medical appointment or some other legitimate reason, s/he must first check out through the office prior to leaving campus.* Students who are 18 years of age must also follow the office checkout procedures prior to leaving campus. Permission to leave for 18 year olds will only be granted for emergency reasons or for valid medical reasons. Parents will be contacted unless a signed consent form for notes has been previously filed with the office. The parking lot is off limits for loitering during the school day. Students may access their cars during the break to pick up books, snacks, etc., but only after clearing it with the principal or the principal's designee. All visitors, including parents, must check in with the office prior to visiting any classrooms. This policy is designed to protect the students and to avoid disrupting classes. Students are also reminded that California State law prohibits them from being on other school campuses without securing permission from the school administrator. Failure to abide by this policy may result in suspension from school.

ELECTRONIC DEVICES: No electronic devices are allowed on campus, with the exception of cell phones. Cell Phones must be turned off and kept in purse or pocket while school is in session. Violations will result in confiscation, suspension or loss of privilege up to the entire school year.

SKATEBOARDS, SKATES, ROLLER BLADES: As the school and school district are responsible for the student going to and from school, the following policies will be enforced regarding bicycles, skateboards, and skates to and from school:

- All students riding a bicycle must wear a certified helmet. Although it is the parents' responsibility to ensure this, the school will inform parents of students who fail to comply with this state law.
- Students may not skate, skateboard, in-line skate or ride bicycles on the campus at any time. This includes after school, weekends, and vacations.
- Students must store bikes, skates, and skateboards in designated areas upon arriving on campus.
- Students must exercise caution when riding any of the above on sidewalks and streets within the community.

General Description of this Report

This report provides a total count of California Education Code section violations committed by students and reported to CALPADS for all incidents¹ during the academic year, not just the **most severe** offense (see [Glossary](#)) each student committed within a given incident. This report also includes a student-level disciplinary outcome (suspension or expulsion²) associated with the incidents in which these offenses occurred.

¹An incident is defined as one or more students committing one or more offenses on the same date at the same time.

²Expulsion counts include all expulsions, even those expulsions where the term of the expulsion has been shortened or the enforcement of the expulsion has been suspended.

[List of district and independently reporting charters](#) that did not certify their 2012-13 CALPADS End-of-Year 3 - Discipline submission.

Viewing this Report

This report is compiled using student-level data reported to the California Longitudinal Pupil Achievement Data System (CALPADS). The student-level data enables an accurate count of the number of suspensions and expulsions and an identification of all of the offenses committed as part of the incident.

For this report, all student offenses are aggregated by the incident-level outcome for each student involved in the incident. If a student committed three offenses in an incident for which they were suspended, a suspension is counted for each offense listed in the report even though the student was suspended only once for the incident. As a result, the total number of disciplinary outcomes in this report exceeds the actual number disciplinary outcomes during the academic year. For the actual numbers of suspensions and expulsions associated with an incident, please consult the Suspension and Expulsion reports.

The "Total Number of Offenses Involved in Expulsions" column provides the total number of offenses committed by students involved in incidents for which they were expelled.

The "Total Number of Offenses Involved in Suspensions" column provides the total number of offenses committed by students involved in incidents for which they were suspended.

The "Total Number of Offenses Involved in Other Actions" column provides the total number of offenses committed by students involved in incidents for which they were not removed from school.

The total counts in this report cannot be compared to totals previously collected and reported through the Uniform Management Information Reporting System (UMIRS). In UMIRS, LEAs reported the total number of offenses committed by offense type, and the LEAs likely were not able to report only the most severe offense committed per incident, resulting in students being counted more than once for the same incident. Thus it is not advisable to compare this report with a UMIRS report, as the two are different and do not contain comparable data.

Availability of UMIRS Reports

Student discipline reports for the 2010-11 Academic Year and prior, often referred to as the UMIRS Reports, will remain accessible on DataQuest. However, the California Department of Education (CDE) no longer collects student discipline/UMIRS data via the Consolidated Application (ConApp) or the Consolidated Application Reporting System (CARS).

Routine arrival and departure is through the driveway entrance on Conifer Street. Special information for student drivers and students riding bicycles is on the following pages.

Parent drop off is in the parking lot, directly in front of Oak View High School.

Parent Information

*In the event of an emergency, parents and guardians will be informed as soon as possible regarding the nature of the event and the plans to handle it. For the safety of all students we ask for your cooperation in minimizing automobile and pedestrian traffic and confusion around the school areas. **Our first priority is to maintain access for emergency vehicles.** Information will be communicated to parents and our community through the emergency broadcasting stations in Ventura, and/or the district/school All Call phone system, or the district/school website at www.oakparkusd.org*

We ask parents to reinforce how important it is for students (including those who have cars) to follow the directives of staff. Please discuss with your children, make a personal/home plan, and listen to emergency officials.

Where would I pick up my child if there was an Evacuation?

Students are escorted to the softball outfield area. If the campus is not safe to return to, then we will escort students to the Conifer entrance to dismiss students to their guardians or to their contacts on the emergency cards. If softball field is not a safe place to muster the students, then the administration will decide on a different location such as the soccer field or park

What would happen if there was a natural disaster or catastrophic event and the students were unable leave campus, or, for safety reasons, were required to remain on campus for an extended period of time?

Students would be moved to a safe location, where teachers would take roll and emergency disaster teams, such as our search and rescue team, would organize. Oak View and the district office have provisions to accommodate students and staff on campus for several days. These supplies are checked on a regular basis and are kept in large secured bins on the campus. Staff will escort students to the Conifer Street parking lot entrance, and when it becomes feasible, students will be released to parents or guardians at this location. As soon as possible, the nature of the emergency and the plans to handle it will be communicated to parents and our community through the emergency broadcasting stations in Ventura, the district's All Call phone system or the school/district website.

Oak View High School

Release of Students Following an Emergency

In the event of an emergency, our plan is to maintain supervision of students until release to parents. Oak View students and staff will assemble in the Chaparral Park Picnic Bench area-viewable from Medea Creek Lane.

Parents can meet and pick up students at the park. Parents and students would then leave promptly.

After the emergency, please check your voicemail and email for further information.

Together we will maintain safety and security for all students.

Thank you for your cooperation !

Oak View High School

Students must obtain parking permits to drive their cars to school. The parking permit contains all of the applicable rules and regulations for driving vehicles on campus. Parents and friends dropping off or picking up students must exercise caution and courtesy when driving in school parking lots. Students and parents should enter the parking lot via the driveway on Conifer Street and park (head in) in designated parking places only. The California Vehicle Code will be enforced and the privilege of parking on campus will be revoked if violations occur.

The following rules will be enforced regarding riding bicycles, skateboards, skates, and in-line skates to school:

1. All students riding bicycles must wear certified helmets. Although it is the parents' responsibility to ensure this, the school will inform parents of students who fail to comply with this state law.
2. Students may not skate, skateboard, in-line skate, or ride bicycles on campus at any time. This includes after school, on weekends, and during vacations.
3. Students must store bikes, skates, and skateboards in designated areas upon arriving on campus.
4. Students must exercise caution when riding any of the above on sidewalks and streets within the community.

Oak View High School Emergency Procedures Overview Information for Parents and Guardians

Dear Parents and Guardians,

In the event of an emergency, parents and guardians will be informed as soon as possible regarding the nature of the event and the plans to handle it. For the safety of all students we ask for your cooperation in minimizing automobile and pedestrian traffic and confusion around the school areas. Our first priority is to maintain access for emergency vehicles. Information will be communicated to parents and our community through the emergency broadcasting stations in Ventura, and/or the district/school All Call phone system, or the district/school website at www.oakparkusd.org

We ask parents to reinforce how important it is for students (including those who have cars) to follow the directives of staff. Please discuss with your children, make a personal/home plan, and listen to emergency officials.

Thank you for your cooperation!

Lou Tabone, Principal

What are the types of emergencies for which Oak View High School develops plans?

The three broad categories of emergencies that the high school prepares for are fire, lockdown and major disaster. Fire emergencies include fires on or near the campus, and explosions. Lockdown preparedness includes responding to a situation where a dangerous intruder is on campus or in the school vicinity; a major chemical spill on campus or in the area; and a bomb threat. A major disaster covers emergencies such as earthquakes, plane crashes, and severe weather.

In the event of a fire on campus, how does the school respond?

The fire alarms will sound. Students and staff will then evacuate the buildings and follow our fire drill plan. Specifically, students will move with their teachers to the designated areas. Teachers will then take roll and either wait for the fire department to arrive and give further direction, or allow students to return to class when the "all clear" signal is sounded. If the students and staff are unable to return to class, parents will be notified by the district's automated All Call phone system and, if feasible, students will be sent home. Specific information will continue to be communicated through the district's All Call phone system and through the district and/or Oak View website.

What are the primary emergency broadcasting stations in Ventura?

KVEN (1450 AM) KHAY (100.7 FM) and Jack FM (93.1)

What happens in the event of a lockdown at the school?

Lockdowns occur when we want students, staff, and campus guests to remain sheltered in a safe place. This may occur in a situation involving a weapon, gunfire, severe storm, or hazardous materials. When we need to lockdown our campus a coded message will be broadcast over the loudspeaker to signal staff and students to stay inside, or if outside, to move inside the nearest available room. The initial purpose of a lockdown is to isolate an intruder and remove any potential target from view. Staff will lock doors, close windows and blinds and all will sit on the floor away from windows. Teachers will check their email to receive and send information. In the case of a hazardous materials spill, teachers will seal windows and doors. The "all clear" will come in the form of a school employee going to each room and announcing that the condition has been identified and resolved.

Have provisions been made in the case that students are in lockdown for an extended period of time?

The district has purchased emergency kits that contain provisions for each classroom to meet the basic needs of our students for a limited amount of time.

What would happen if there was a natural disaster or catastrophic event and the students were unable leave campus, or, for safety reasons, were required to remain on campus for an extended period of time?

Students would be moved to a safe location, where teachers would take roll and emergency disaster teams, such as our search and rescue

team, would organize. Oak View and the district office have provisions to accommodate students and staff on campus for several days. These supplies are checked on a regular basis and are kept in large secured bins on the campus. Staff will escort students to the Conifer Street parking lot entrance, and when it becomes feasible, students will be released to parents or guardians at this location. As soon as possible, the nature of the emergency and the plans to handle it will be communicated to parents and our community through the emergency broadcasting stations in Ventura, the district's All Call phone system or the school/district website.

Are any OVHS teachers or staff trained in emergency management and procedures?

Our staff has been trained on emergency procedures and is well prepared to respond to a life-threatening situation. Staff members have CPR certification and emergency preparedness training. The school's safety committee continues to meet to review and refine our school safety plan. As a staff, we will continue to review and practice safety procedures and preparedness.

Do OVHS students participate in fire or emergency drills so that they become familiar with the school's safety plan and procedures?

Throughout the course of the year, our students and staff participate in three emergency drills: fire, earthquake and lockdown. Following the drill, our staff conducts a full review of the drill and how to improve. Each classroom has a map that outlines basic emergency evacuation routes and assembly areas.

Where would I pick up my child if there was an Evacuation?

Students are escorted to the softball outfield area. If the campus is not safe to return to, then we will escort students to the Conifer entrance to dismiss students to their guardians or to their contacts on the emergency cards. If the softball field is not a safe place to muster the students, then the administration will decide on a different location such as the soccer field or park.

Dress Codes

APPEARANCE AND DRESS: According to the California Administrative Code, Title 5, Section 302, "a pupil who goes to school without proper attention having been given to personal cleanliness or neatness of dress, may be sent home to be properly prepared for the school room." Therefore, the school reserves the right to set standards regarding attire that may be inappropriate for school. Attire should adhere to accepted standards of decency and should not pose a threat to public or personal safety. In addition, it should not be disruptive or distracting to the educational process. **A poor decision will be grounds for exclusion from class. Teachers will be encouraged to send students who are improperly dressed to the office. Students may be sent home for the day. Credits and grades will be affected.** The following should be helpful in making decisions about what is/is not permissible attire for school.

- No clothing that is sexually suggestive or revealing. No tube tops, bare midriffs, or exposed underwear.
- No sagging pants that drop below the waistband of their undergarments. No tank tops for boys.
- Clothing that has references to alcohol or drugs are not appropriate.
- Articles of clothing or jewelry (including wallet chains) that pose a threat to the safety of others shall not be worn on campus or at school activities.
- No articles of clothing related to a group or gang who has the potential to provoke others to violence shall be worn on campus or at school activities. School officials will consult with law enforcement to inform our school regarding changing patterns of gang related attire.
- As required by state law, safe and suitable footwear must be worn at all times while on campus. No bare feet. No house slippers.

Dress and Grooming

In cooperation with teachers, students and parents/guardians, the principal or designee shall establish school rules governing student dress and grooming which are consistent with law, Governing Board policy and administrative regulations. These school dress codes shall be regularly reviewed.

(cf. 0420 - School Plans/Site Councils)

Each school shall allow students to wear sun-protective clothing, including but not limited to hats, for outdoor use during the school day. (Education Code 35183.5)

In addition, the following guidelines shall apply to all regular school activities:

1. Shoes must be worn at all times. Sandals must have heel straps. Thongs or backless shoes or sandals are not acceptable.
2. Clothing, jewelry and personal items (backpacks, fanny packs, gym bags, water bottles etc.) shall be free of writing, pictures or any other insignia which are crude, vulgar, profane or sexually suggestive, which bear drug, alcohol or tobacco company advertising, promotions and likenesses, or which advocate racial, ethnic or religious prejudice.
3. Hats, caps and other head coverings shall not be worn indoors.
4. Clothes shall be sufficient to conceal undergarments at all times. See-through or fish-net fabrics, halter tops, off-the-shoulder or low-cut tops, bare midriffs and skirts or shorts shorter than mid-thigh are prohibited.
5. Gym shorts may not be worn in classes other than physical education.
6. Hair shall be clean and neatly groomed. Hair may not be sprayed by any coloring that would drip when wet.

Coaches and teachers may impose more stringent dress requirements to accommodate the special needs of certain sports and/or classes.

(cf. 3260 - Fees and Charges)

AR 5132(b)

No grade of a student participating in a physical education class shall be adversely affected if the student does not wear standardized physical education apparel because of circumstances beyond the student's control. (Education Code 49066)

(cf. 5121 - Grades/Evaluation of Student Achievement)

The principal, staff, students and parent/guardians at each school may establish reasonable dress and grooming regulations for times when students are engaged in extracurricular or other special school activities.

Gang-Related Apparel

At individual schools that have a dress code prohibiting gang-related apparel at school or school activities, the principal, staff and parents/guardians participating in the development of the school safety plan shall define "gang-related apparel" and shall limit this definition to apparel that reasonably could be determined to threaten the health and safety of the school environment if it were worn or displayed on a school campus. (Education Code 35294.1)

Because gang-related symbols are constantly changing, definitions of gang-related apparel shall be reviewed at least once each semester and updated whenever related information is received.

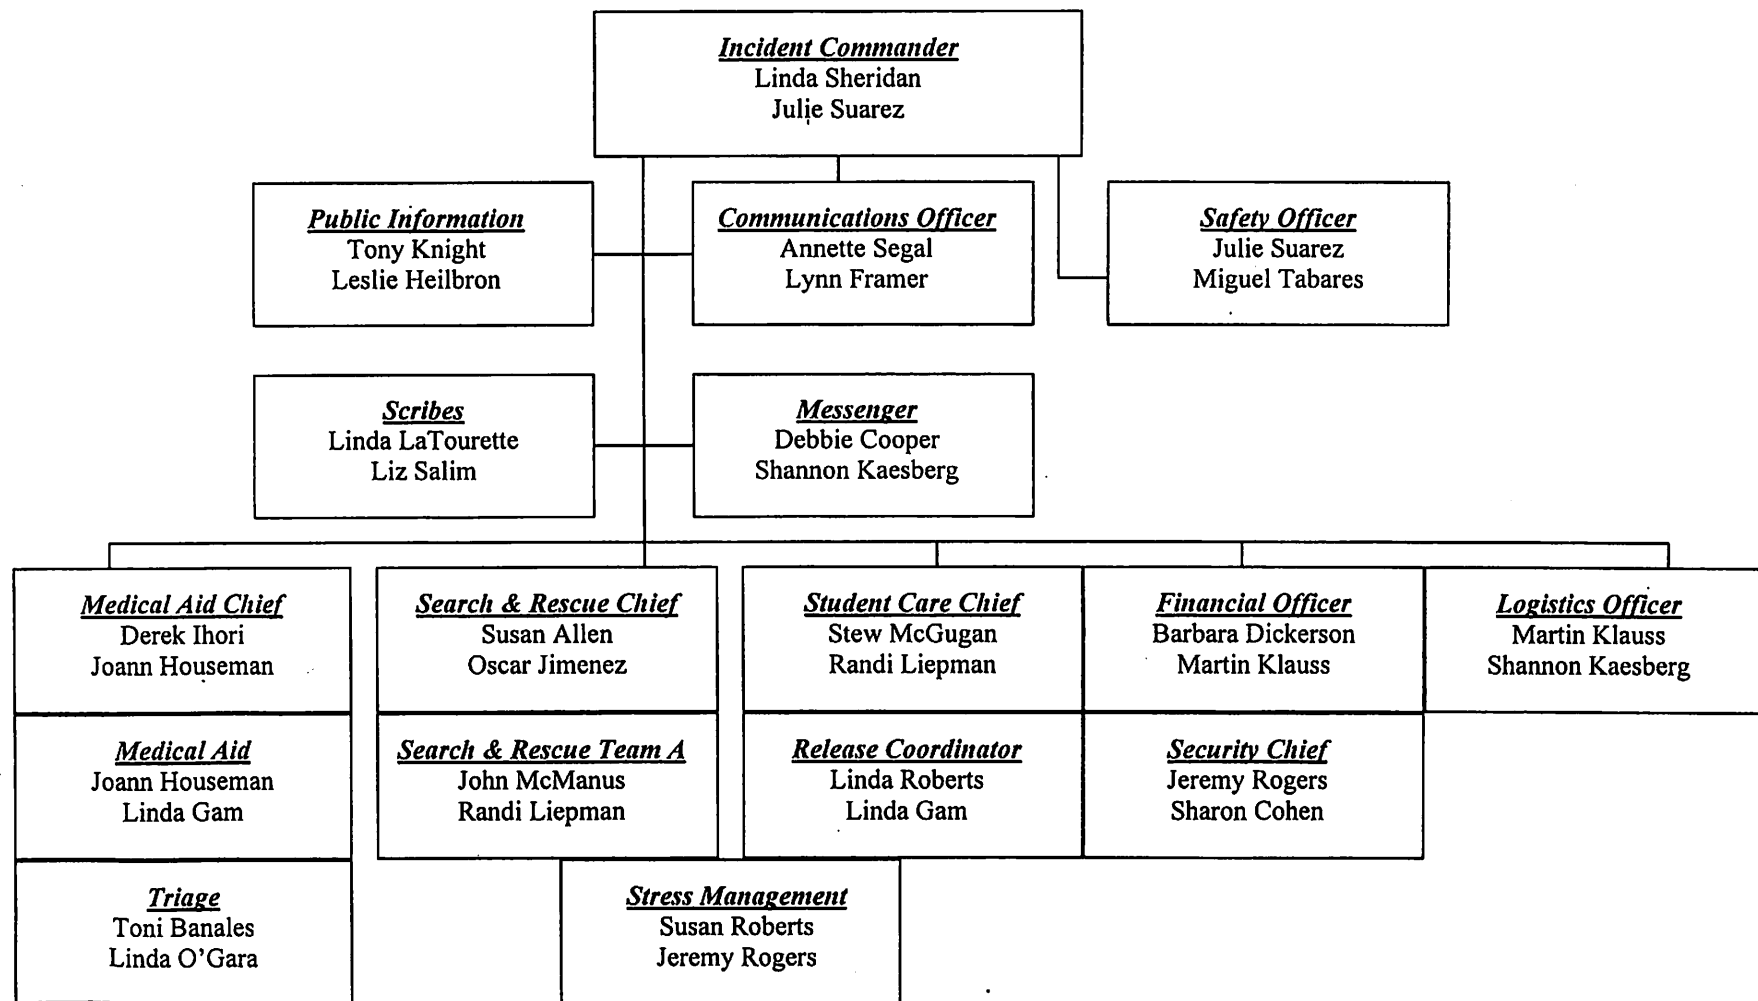

Students who participate in a nationally recognized youth organization shall be allowed to wear organization uniforms on days when the organization has a scheduled meeting. (Education Code 35183)

(cf. 4131 – Staff Development)

(cf. 4231 – Staff Development)

(cf. 4331 – Staff Development)

3. Specific determination of roles and responsibilities of staff during a disaster or other emergency, including determination of:

- a. The appropriate chain of command at the district and, if communication between the district and site is not possible, at each site
- b. Individuals responsible for specific duties
- c. Designation of the principal for the overall control and supervision of activities at each school during the emergency, including authorization to use his/her discretion in situations which do not permit execution of prearranged plans
- d. Identification of at least one person at each site who holds a valid certificate in first aid and cardiopulmonary resuscitation
- e. Assignment of responsibility for identification of injured persons and administration of first aid

4. Personal safety and security, including:

- a. Identification of areas of responsibility for supervision of students
- b. Procedures for evacuation of students and staff, including posting of evacuation routes
- c. Procedures for release of students, including a procedure to release students when reference to the emergency card is not feasible

(cf. 5141 – Health Care and Emergencies)

(cf. 5142 – Safety)

- d. Identification of transportation needs, including a plan which allows bus seating capacity limits to be exceeded when a disaster or hazard requires students to be moved immediately to ensure their safety

Fire Drills and Fires

Fire Drills

The principal shall cause the fire alarm signal to be sounded at least once every month.
(Education Code 32001)

The principal shall also hold fire drills at least once a month at the elementary level, four times every school year at the middle level, and not less than twice every school year at the secondary level. (Education Code 32001)

1. The principal shall notify staff as to the schedule for fire drills.
2. Whenever a fire drill is held, all students, teachers and other employees shall be directed to leave the building. (5 CCR 550)
3. Teachers shall ascertain that no student remains in the building.
4. Teachers shall be prepared to select alternate exits and shall direct their classes to these exits whenever the designated escape route is blocked.
5. The principal or designee shall keep a record of each fire drill conducted and file a copy of this record with the office of the Superintendent or designee.

Fires

When a fire is discovered in any part of the school, the following actions shall be taken:

1. The principal or designee shall sound fire signals, unless the school and/or building is equipped with an automatic fire detection and alarm system. (Education Code 32001)
2. The principal or designee shall call 911.
3. All persons shall be directed to leave the building and shall proceed outside to designated assembly areas.
4. Staff shall give students clear direction and supervision and help maintain a calm and orderly response.

Bomb Threats

Receiving Threats

Any staff member receiving a telephoned bomb threat shall try to keep the caller on the line so as to gather information about the location and timing of the bomb and the person(s) responsible. He/she should also try to determine the caller's gender and age and should take note of any distinctive features of voice or speech and any background noises such as music, traffic, machinery or other voices.

Staff members who customarily receive telephone calls or handle packages shall receive training related to bomb threats.

Procedures

1. Any employee who receives a bomb threat shall immediately call 911 and also report the threat to the principal or designee. If the threat is in writing, he/she shall place the message in an envelope and take note of where and by whom it was found.

2. Any student or employee seeing a suspicious package shall promptly notify the principal or designee.

3. The principal or designee shall immediately use fire drill signals and institute standard evacuation procedures as specified in the emergency plan.

(cf. 3516 - Emergency and Disaster Preparedness Plan)
(cf. 3516.1 - Fire Drills and Fires)

4. The principal or designee shall turn off any two-way radio equipment which is located in a threatened building.

Law enforcement and/or fire department staff shall conduct the bomb search. School police officers may assist in this search. No other school staff shall search for or handle any explosive or incendiary device.

Except for school police officers, no staff or students shall reenter the threatened building(s) until the law enforcement and/or fire department staff advises the principal or designee that reentry is safe.

Any student who makes a bomb threat shall be subject to disciplinary procedures.

Earthquake Emergency Procedure System

Earthquake emergency procedures shall be established in every school building having an occupant capacity of 50 or more students, or more than once classroom, and shall be incorporated into the comprehensive safety plan. (Education Code 32282)

(cf. 0450 - Comprehensive Safety Plan)

Earthquake emergency procedures shall be aligned with the Standardized Emergency Management System and the National Incident Management System. (Government Code 8607; 19 CCR 2400-2450)

(cf. 3516 - Emergency and Disaster Preparedness Plan)

The Superintendent or designee may work with the California Office of Emergency Services and the Seismic Safety Commission to develop and establish the earthquake emergency procedures. (Education Code 32282)

Earthquake emergency procedures shall outline the roles and responsibilities of students and staff during and after an earthquake.

Earthquake emergency procedures shall include, but not be limited to, all of the following: (Education Code 32282)

1. A school building disaster plan, ready for implementation at any time, for maintaining the safety and care of students and staff

2. A drop procedure whereby each student and staff member takes cover under a table or desk, dropping to his/her knees, with the head protected by the arms and the back to the windows

Drop procedures shall be practiced at least once each school quarter in elementary schools and at least once each semester in secondary schools.

3. Protective measures to be taken before, during and following an earthquake

4. A program to ensure that students and staff are aware of and properly trained in the earthquake emergency procedure system

(cf. 4131, 4231, 4331 - Staff Development)

Staff and students shall be informed of the dangers to expect in an earthquake and procedures to be followed. Students shall be instructed to remain silent and follow directions given by staff in such an emergency. Staff and students also shall be taught safety precautions to take if they are in the open or on the way to or from school when an earthquake occurs.

OAK PARK UNIFIED SCHOOL DISTRICT ADMINISTRATIVE REGULATION

AR 3516.3(b)

Earthquake emergency procedures shall designate primary and alternative locations outside of buildings, which may include areas off campus if necessary, where individuals on a school site will assemble following evacuation. In designating such areas, the Superintendent or designee shall consider potential post-earthquake hazards outside school buildings including, but not limited to, power lines, trees, covered walkways, chain link fences that may be an electric shock hazard, and areas near buildings that may have debris.

Earthquake emergency procedures also shall outline primary and alternative evacuation routes and alternate routes that avoid areas with potential hazards to the extent possible. The needs of students with disabilities shall be considered when planning evacuation routes.

The Superintendent or designee shall identify at least one individual within each building to determine if an evacuation is necessary, the best evacuation location, and the best route to that location when an earthquake occurs.

The Superintendent or designee shall identify potential earthquake hazards in classrooms and other district facilities, including, but not limited to, areas where the main gas supply or electric current enters the building, suspended ceilings, pendant light fixtures, large windows, stairwells, science laboratories, storage areas for hazardous materials, shop areas, and unsecured furniture and equipment. To the extent possible, dangers presented by such potential hazards shall be minimized by securing equipment and furnishings and removing heavy objects from high shelves.

Earthquake While Indoors at School

When an earthquake occurs, the following actions shall be taken inside buildings and classrooms:

1. Staff shall have students perform the drop procedure. Students should stay in the drop position until the emergency is over or until further instructions are given.
2. In laboratories, burners should be extinguished, if possible, before taking cover.
3. As soon as possible, staff shall move the students away from windows, shelves, and heavy objects and furniture that may fall.
4. After the earthquake, the principal or designee shall determine whether planned evacuation routes and assembly areas are safe and shall communicate with teachers and other staff.
5. When directed by the principal or designee to evacuate, or if classrooms or other facilities present dangerous hazards that require immediate evacuation, staff shall account for all students under their supervision and have the students evacuate the building in an orderly manner.

Earthquake While Outdoors on School Grounds

When an earthquake occurs, the following actions shall be taken by staff or other persons in authority who are outdoors on school grounds:

1. Staff shall direct students to walk away from buildings, trees, overhead power lines, power poles or exposed wires.
2. Staff shall have students perform the drop procedure.
3. Staff shall have students stay in the open until the earthquake is over or until further directions are given.

Earthquake While on the Bus

If students are on the school bus when an earthquake occurs, the bus driver shall take proper precautions to ensure student safety, which may include pulling over to the side of the road or driving to a location away from outside hazards, if possible. Following the earthquake, the driver shall contact the Superintendent or designee for instructions before proceeding on the route or, if such contact is not possible, drive to an evacuation or assembly location.

(cf. 3543 – Transportation Safety and Emergencies)

Subsequent Emergency Procedures

After the earthquake has subsided, the following actions shall be taken:

1. Staff should extinguish small fires if possible.
2. Staff shall provide first aid to any injured students, take roll and report missing students to the principal or designee.
3. Staff and students shall refrain from lighting any stoves or burners or operating any electrical switches until the area is declared safe.
4. All buildings shall be inspected for water and gas leaks, electrical breakages, and large cracks or earth slippage affecting buildings.
5. The principal or designee shall post staff at safe distances from all building entrances and instruct staff and students to remain outside the buildings until they are declared safe.
6. The principal or designee shall request assistance as needed from the county or city civil defense, fire and police departments, city and county building inspectors, and utility companies and shall confer with them regarding the advisability of closing the school.

Radio Do's and Don'ts: The World is Listening!

DISTRICT NET CONTROL WILL CONTACT EACH CAMPUS: CAMPUSES SHOULD ONLY INITIATE A CALL TO THE D.O. NET FOR IMMEDIATE EMERGENCY NEEDS:

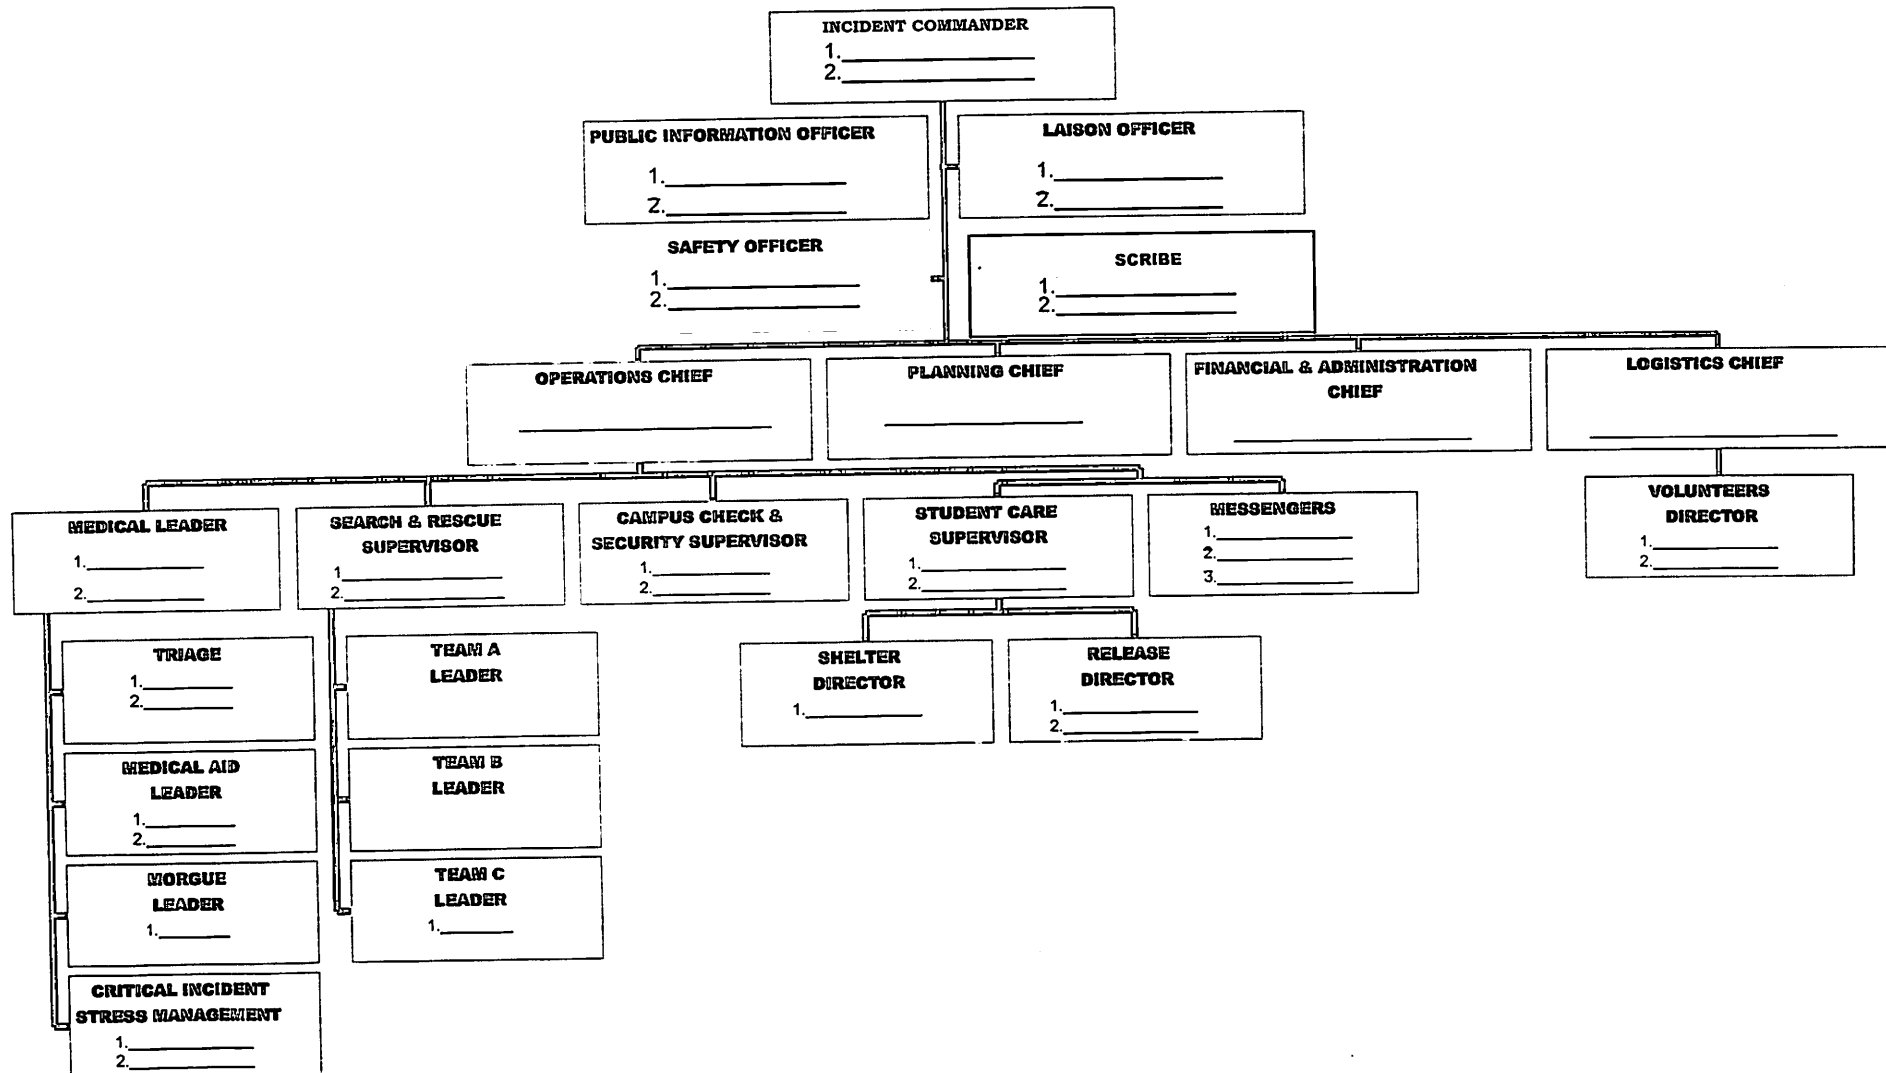

During a pause in transmission say, "EMERGENCY TRAFFIC". D.O. Net Control will then recognize and tell you to go ahead with your information

Transmission Hints: Stay Calm; speak in a normal, clear voice

The worse a situation becomes the calmer and slower radio talk needs to be

- Hold radio just to the side of your mouth-rest on cheek
- Press key for 2 seconds before starting to speak
- Pause during transmission to allow for emergency traffic to break in
- Ask sender to repeat if not clearly understood-don't assume
- Use plain speech:
 - Avoid contractions
 - Using common names: Spell difficult words phonetically
 - Avoid emotional words: DO NOT USE TERM "DEAD BODIES"-USE A CODE FOR SAME
 - Don't ramble: Be concise, brief
 - Do not use names of victims over the air
 - Don't argue or criticize
 - Numbers: 509= "Five Zero Nine"

Incident Commander

- Responsibilities:** The Incident Commander (IC) is solely responsible for emergency/disaster operations and shall remain at the Command Post (CP) to observe and direct all operations. Ensure the safety of students, staff and others on campus. Lead by example: your behavior sets tone for staff and students.
- Start-up Actions**
- ☐ Obtain your personal safety equipment; i.e., hard hat, vest, clipboard (with job description sheet).
 - ☐ Assess type and scope of emergency.
 - ☐ Determine threat to human life and structures.
 - ☐ **Implement emergency/disaster plan and hazard specific procedures.**
 - ☐ Develop and communicate an incident action plan with objectives and a time frame to meet those objectives.
 - ☐ Activate functions (assign positions) as needed.
 - Fill in "Incident Assignments" form
 - Appoint a backup or alternate IC
- Ongoing Operational Duties:**
- ☐ Continue to monitor and assess total school situation:
 - View site map periodically for Search & Rescue progress and damage assessment information.
 - Check with chiefs for periodic updates.
 - Reassign personnel as needed.
 - ☐ Report (through Communications) to school district on status of students, staff, campus as needed. (Site Status Report)
 - ☐ Develop and communicate revised incident action plans as needed.
 - ☐ Begin student release when appropriate.

NOTE: No student should be released until student accounting is complete. Never send students home before the end of the regular school day unless directed by the Superintendent of Schools, except individuals on request of parent/guardian.
 - ☐ Authorize release of information.
 - ☐ Utilize your back up; plan and take regular breaks, 5-10 minutes/hour, relocate away from the CP.
 - ☐ Plan regular breaks for all staff and volunteers. **Take care of your caregivers!**
 - ☐ Release teachers as appropriate per district guidelines. By law, during a disaster, teachers become "disaster workers."
 - ☐ Remain on and in charge of your campus until redirected or released by the Superintendent of Schools.

Closing Down:

- ☐ Authorize deactivation of sections, branches, or units when they are no longer required.
- ☐ At the direction of the Superintendent of Schools, deactivate the entire emergency response. If the Fire Department or other outside agency calls an "All Clear," contact the district before taking any further action.
- ☐ Ensure that any open actions not yet completed will be taken care of after deactivation.
- ☐ Ensure the return of all equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Ensure that all logs, reports, and other relevant documents are completed and provided to the Documentation Unit.
- ☐ Proclaim termination of the emergency and proceed with recovery operations if necessary.

Section: Command

Public Information Officer (PIO)

Personnel: Available staff with assistance from available volunteers

Policy: The public has the right and need to know important information related to emergencies/disaster at the school site *as soon as it is available*.

The Public Information Officer (PIO) acts as the official spokesperson for the school site in an emergency situation. If a school district PIO is available, he/she will be the official spokesperson. A school site-based PIO should only be used if the media is on campus and the district PIO is not available or forthcoming.

News media can play a key role assisting the school in getting emergency/disaster related information to the public (parents). Information released must be consistent, accurate, and timely.

Start-Up Actions:

- ☐ Determine a possible “news center” site as a media reception area (located away from the Command Post and students). Get approval from the Incident Commander (IC).
- ☐ Identify yourself as the “PIO” (vest, visor, sign, etc.)
- ☐ Consult with district PIO to coordinate information release.
- ☐ Assess situation and obtain statement from IC. Tape-record if possible.
- ☐ Advise arriving media that the site is preparing a press release and approximate time of its issue.
- ☐ Open and maintain a position log of your actions and all communications. If possible, tape media briefings. Keep all documentation to support the history of the event.

Operational Duties:

- ☐ Keep up-to-date on the situation.
- ☐ Statements must be approved by the IC and should reflect:
 - Reassurance — EGBOK — “Everything’s going to be OK.”
 - Incident or disaster cause and time of origin.
 - Size and scope of the incident.
 - Current situation — condition of school site, evacuation progress, care being given, injuries, student release location, etc. Do not release any names.
 - Resources in use.
 - Best routes to school if known and appropriate.
 - Any information school wishes to be released to the public.

- ☐ **Read** statements if possible.
- ☐ When answering questions, be complete & truthful, always considering confidentiality & emotional impact. Avoid speculation, bluffing, lying, talking "off the record," arguing, etc. Avoid use of the phrase "no comment."
- ☐ **Remind school site/staff volunteers to refer *all* questions from media or waiting parents to the PIO.**
- ☐ Update information periodically with IC.
- ☐ Ensure announcements & other information are translated into other languages as needed.
- ☐ Monitor news broadcasts about incident. Correct any misinformation heard.

Closing Down:

- ☐ At the Incident Commander's direction, release PIO staff no longer needed. Direct staff members to sign out through Timekeeping.
- ☐ Return equipment and reusable supplies to Logistics.
- ☐ Close out all logs. Provide logs and other relevant documents to the Documentation Unit.

Equipment/ Supplies:

Public information kit consists of:

- ID vest
- Battery operated AM/FM radio
- Paper/pencils/marketing pens
- Scotch tape/masking tape
- Scissors
- School site map(s) and area maps
 - 8-1/2 x 11 handouts
 - Laminated poster board size for display

Forms: Disaster Public Information Release Work Sheet
 Sample Public Information Release
 School Profile or School Accountability Report Card (SARC)

Section: Command

Liaison Officer

- Responsibilities:** The Liaison Officer serves as the point of contact for Agency Representatives from assisting organizations and agencies outside the school district and assists in coordinating the efforts of these outside agencies by ensuring the proper flow of information.
- Start Up Actions:**
- ☐ Check in with Incident Commander (IC) for situation briefing.
 - ☐ Determine your personal operating location and set up as necessary.
 - ☐ Obtain necessary equipment and supplies from Logistics.
 - ☐ Put on position identifier, such as vest, if available.
 - ☐ Open and maintain a position log. Maintain all required records and documentation to support the history of the emergency or disaster.
- Operational Duties:**
- ☐ Brief Agency Representatives on current situation, priorities and incident action plan.
 - ☐ Ensure coordination of efforts by keeping IC informed of agencies' action plans.
 - ☐ Provide periodic update briefings to Agency Representatives as necessary.
- Closing Down:**
- ☐ At the Incident Commander's direction, deactivate the Liaison Officer position and release staff no longer needed. Direct staff members to sign out through Timekeeping.
 - ☐ Return equipment and reusable supplies to Logistics.
 - ☐ Close out all logs. Provide logs and other relevant documents to the Documentation Unit.
- Equipment/Supplies:**
- Vest or position identifier, if available
 - Two-way radio, if available
 - Clipboard, paper, pens

Section: Operations

Operations Chief

Section: Command Safety Officer

Responsibilities: The Safety Officer ensures that all activities are conducted in as safe a manner as possible under the circumstances which exist.

Start Up Actions:

- ☐ Check in with Incident Commander for situation briefing.
- ☐ Obtain necessary equipment and supplies from Logistics.
- ☐ Put on position identifier, such as vest, if available.
- ☐ Open and maintain a position log. Maintain all required records and documentation to support the history of the emergency or disaster. Document:
 - Messages received
 - Action taken
 - Decision justification and documentation
 - Requests filled

Operational Duties:

- ☐ Monitor drills, exercises, and emergency response activities for safety.
- ☐ Identify and mitigate safety hazards and situations.
- ☐ Stop or modify all unsafe operations.
- ☐ Ensure that responders use appropriate safety equipment.
- ☐ Think ahead and anticipate situations and problems before they occur.
- ☐ Anticipate situation changes, such as severe aftershocks, in all planning.
- ☐ Keep the Incident Commander (IC) advised of your status and activity and on any problem areas that now need or will require solutions.

Closing Down:

- ☐ When authorized by IC, deactivate the unit and close out all logs. Provide logs and other relevant documents to the Documentation Unit.
- ☐ Return equipment and reusable supplies to Logistics.

**Equipment/
Supplies:**

- Vest or position identifier, if available
- Hard hat, if available
- Clipboard, paper, pens
- Two-way radio, if available

Responsibilities:

The Operations Chief manages the direct response to the disaster, which can include the following:

Site Facility Check/Security

Search & Rescue

Medical

Student Care

Student Release

Start-Up Actions:

- ☐ Check in with Incident Commander for situation briefing.
- ☐ Obtain necessary equipment and supplies from Logistics.
- ☐ Put on position identifier, such as vest, if available.

Operational Duties:

- ☐ Assume the duties of all operations positions until staff is available and assigned.
- ☐ As staff is assigned, brief them on the situation and supervise their activities, utilizing the position checklists.
- ☐ If additional supplies or staff is needed for the Operations Section, notify Logistics. When additional staff arrive, brief them on the situation, and assign them as needed.
- ☐ Coordinate Search & Rescue operations. Appoint S&R Team Leader to direct their operations if necessary.
- ☐ As information is received from operations staff, pass it on to Situation Analysis and/or the Incident Commander.
- ☐ Inform the Incident Commander regarding tasks and priorities.
- ☐ Make sure that Operations staff are following standard procedures, utilizing appropriate safety gear, and documenting their activities.
- ☐ Schedule breaks and reassign Operations staff within the section as needed.

Closing Down:

- ☐ At the Incident Commander's (IC) direction, release Operations staff no longer needed. Direct staff members to sign out through Timekeeping.
- ☐ Return equipment and reusable supplies to Logistics.
- ☐ When authorized by IC, deactivate the section and close out all logs. Provide logs and other relevant documents to the Documentation Unit.

Section: Operations

Search and Rescue Team Leader

Safety Rules:

Buddy system: Minimum of 2 persons per team.

Take no action that might endanger you. Do not work beyond your expertise. Use appropriate safety gear. Size up the situation first.

Follow all operational and safety procedures.

Start-up Actions:

- ☐ Obtain all necessary equipment from container. See list below.
- ☐ Obtain briefing from Operations Chief, noting known fires, injuries, or other situations requiring response.
- ☐ Assign teams based on available manpower, minimum 2 persons per team.

Operational Duties:

- ☐ Perform visual check of outfitted team leaving CP; include radio check. Teams must wear sturdy shoes and safety equipment.
- ☐ Record names and assignments before deploying teams.
- ☐ Dispatch teams to known hazards or situations first, then to search the campus using specific planned routes. Send a specific map assignment with each team.
- ☐ Remain at Command Post (CP) in radio contact with S&R Teams.
- ☐ Record all teams' progress and reports on site map, keeping others at CP informed of problems. When a room is reported clear, mark a "C" on the map.
- ☐ If injured students are located, consult Operations Chief for response. Utilize Transport teams, or send a First Aid Team.
- ☐ Record exact location of damage and triage tally (I=immediate, D=delayed, DEAD=dead on map).
- ☐ Keep radio communication brief and simple. No codes.*

Closing Down:

- ☐ Record the return of each S&R team. Direct them to return equipment and report for additional assignment to Logistics.
- ☐ Provide maps & logs to the Documentation Unit.

Equipment/ Supplies:

Teams wear vest, hard hat, work and latex gloves, & whistle with master keys on lanyard. One member wears first aid backpack.

Teams carry campus 2-way radio and clipboard with job description and map indicating search plan.

Section: Operations

Medical Team Leader

Responsibilities:

The Medical Team Leader is responsible for the provision of emergency medical response, first aid, and counseling. Informs the Operations Chief or Incident Commander (IC) when the situation requires health or medical services that staff cannot provide. Ensures that appropriate actions are taken in the event of deaths.

Start-Up Actions:

- ☐ Establish scope of disaster with IC and determine probability of outside emergency medical support and transport needs.
- ☐ Make personnel assignments. If possible, assign a minimum of two people to Triage, two to Immediate, two to Delayed, and two to Psychological.
- ☐ Set up first aid area in a safe place, away from students and parents, with access to emergency vehicles. Obtain equipment/supplies from the container.
- ☐ Assess available inventory of supplies & equipment.
- ☐ Review safety procedures and assignments with personnel.
- ☐ Establish point of entry ("triage") into treatment area.
- ☐ Establish "immediate" and "delayed" treatment areas.
- ☐ Set up a separate Psychological First Aid area if staff levels are sufficient.

Operational Duties:

- ☐ Oversee care, treatment, and assessment of patients
- ☐ Ensure caregiver and rescuer safety
 - Latex gloves for protection from body fluids; replace with new gloves for each new patient.
- ☐ Make sure that accurate records are kept.
- ☐ Provide personnel response for injuries in remote locations or request Transport Team from Logistics.
- ☐ If needed, request additional personnel from Logistics.
- ☐ Brief newly assigned personnel.
- ☐ Report deaths immediately to Operations Chief.
- ☐ Keep Operations Chief informed of overall status.
- ☐ Set up morgue, if necessary, in cool, isolated, secure area; follow guidelines.
- ☐ Stay alert for communicable diseases and isolate appropriately.
- ☐ Consult with Student Care Director regarding health care, medications, and meals for students with known medical conditions (diabetes, asthma, etc.).

Closing Down:

- ☐ At the Incident Commander's direction, release Medical staff no longer needed. Direct staff members to sign out through Timekeeping.
- ☐ Return equipment and reusable supplies to Logistics.
- ☐ When authorized by IC, deactivate the section and close out all logs. Provide logs and other relevant documents to the Documentation Unit.

Medical Team

Personnel: First-aid trained staff and volunteers

Responsibilities: ☐ Use approved safety equipment and techniques.

Start-Up Actions: ☐ Obtain & wear personal safety equipment including latex gloves.
☐ Check with Medical Team Leader for assignment.

Operational Duties: ☐ Administer appropriate first aid.
☐ **Keep accurate records of care given.**
☐ Continue to assess victims at regular intervals.
☐ Report deaths immediately to Medical Team Leader.
☐ If & when transport is available, do final assessment and document on triage tag. Keep and file records for reference—**do not send with victim.**
☐ Student's Emergency Card must accompany student removed from campus to receive advanced medical attention. Send emergency out-of-area phone number if available.

Triage Entry Area:

- ☐ Staffed with minimum of 2 trained team members, if possible.
 - One member confirms triage tag category (red, yellow, green) and directs to proper treatment area. Should take 30 seconds to assess — no treatment takes place here. Assess if not tagged.

Student Release

- Personnel:** School Secretary, available staff and disaster volunteers. Use buddy system. Student Release process is supported by student runners.
- Responsibilities:** Assure the reunification of students with their parents or authorized adult through separate Request and Release Gates.
- Start-Up Actions:**
- ☐ Obtain and wear vest or position identifier, if available.
 - ☐ Check with Operations Chief for assignment to Request Gate or Release Gate.
 - ☐ Obtain necessary equipment and forms from Logistics.
 - ☐ Secure area against unauthorized access. Mark gates with signs.
 - ☐ Set up Request Gate at the main student access gate. Use alphabetical grouping signs to organize parent requests.
 - ☐ Have Student Release Forms available for parents outside of fence at Request Gate. Assign volunteers to assist.
 - ☐ Set up Release Gate some distance from Request Gate.
- Operational Duties:**
- ☐ Follow procedures outlined below to ensure the safe reunification of students with their parents or guardians.
 - ☐ **Refer all requests for information to the Public Information Officer. Do not spread rumors!**
 - ☐ If volunteers arrive to help, send those with Disaster Volunteer badges with photo ID. to Logistics. If they are not registered (do not have badges), direct them to a branch library to register.
- Procedures:**
- ☐ Requesting adult fills out Student Release Form, gives it to staff member, and shows identification.
 - ☐ Staff verifies identification, pulls Emergency Card from file, and verifies that the requester is listed on the card.
 - ☐ Staff instructs the requester to proceed to the Release Gate.
 - ☐ If there are two copies of the Emergency Cards (one at each gate), staff files the Emergency Card in the out box. If there is only one copy, runner takes the card with the Student Release Form, and staff files a blank card with the student's name on it in the out box.
- ☐ Runner takes form(s) to the designated classroom.

Note: If a parent refuses to wait in line, don't argue. Note time with appropriate comments on Emergency Card and place in out box.

- ☐ If appropriate, teacher sends parent copy of first aid form with the runner.
- ☐ Runner walks student(s) to Release Gate.
- ☐ Runner hands paperwork to release personnel.
- ☐ Release staff match student to requester, verify proof of identification, ask requester to fill out and sign the lower portion of Student Release Form, and release student. Parents are given the Notice of First Aid Care Given, if applicable.

If student is not with the class:

- ☐ Teacher makes appropriate notation on Student Release Form:
"***Absent***" if student was never in school that day.
"***First Aid***" if student is in Medical Treatment Area.
"***Missing***" if student was in school but now cannot be located.
- ☐ Runner takes Student Release Form to CP.
- ☐ CP verifies student location if known and directs runner accordingly.
- ☐ If runner is retrieving multiple students and one or more are missing, walk available students to Release Gate before returning "Missing" forms to CP for verification.
- ☐ Parent should be notified of missing student status and escorted to crisis counselor.
- ☐ If student is in first aid, parent should be escorted to Medical Treatment Area.
- ☐ If student was marked absent, parent will be notified by staff member.
