

# Accordion Book

**NOTE:** Steps 1 and 2 should be done only if paper is too large to begin with.

1. Fold the selected paper into *hamburgers*.
2. Cut the paper in half along the fold lines.
3. Fold each section of paper into *hamburgers*. However, fold one side one half inch shorter than the other side. This will form a tab that is one half inch long.
4. Fold this tab forward over the shorter side, and then fold it back away from the shorter piece of paper (in other words, fold it the opposite way).
5. Glue together to form an *accordion* by gluing a straight edge of one section into the *valley* of another section.

**NOTE:** Stand the sections on end to form an accordion to help students visualize how to glue them together. (See illustration.)

Always place the extra tab at the back of the book so you can add more pages later.

Use this book for timelines, student projects that grow, sequencing events or data, and biographies.

When folded, this project is used like a book, and it can be stored in student portfolios. When open, it makes a nice project display. Accordion books can be stored in file cabinets for future use, too.

# Layered-Look Book

1. Stack two sheets of paper (8 1/2" x 11") so that the back sheet is one inch higher than the front sheet.
2. Bring the bottom of both sheets upward and align the edges so that all of the layers or tabs are the same distance apart.
3. When all tabs are an equal distance apart, fold the papers and crease well.
4. Open the papers and glue them together along the valley or inner center fold or, staple them along the mountain.

When using more than two sheets of paper, make the tabs smaller than an inch.

# Pop-Up Book

1. Fold a sheet of paper (8 1/2" x 11") in half like a *hamburger*.
2. Beginning at the fold, or *mountain top*, cut one or more tabs.
3. Fold the tabs back and forth several times until there is a good fold line formed.
4. Partially open the *hamburger* fold and push the tabs through to the inside.
5. With one small dot of glue, glue figures for the *pop-up book* to the front of each tab. Allow the glue to dry before going on to the next step.
6. Make a cover for the book by folding another sheet of paper in half like a *hamburger*. Place glue around the outside edges of the *pop-up book* and firmly press inside the *hamburger* cover.

Pop-up sheets can be glued side-by-side to make pop-up books.
