

Worksheet to Calculate Cal-Grant GPA

Directions

1. Obtain a copy of your transcript
2. Exclude courses taken in the 9th grade and summer after 9th grade and courses taken in 12th grade; unless calculating gpa after graduation (if so, include 12 grade courses)
3. Consider summer before and after 11th grade; consider intersession in grades 10th , 11th
4. Exclude physical education courses
5. Review Repeat courses:
 - a. If the same identical course is repeated, exclude first grade
 - b. If the course is repeated, but different levels such as Honors/AP/IB retaken in summer at the regular level include both grades
6. Grade scale is 4.0 with A=4, B=3, C=2, D=1 and F= 0; no extra points awarded for honors/AP or IB courses

Insert # of courses for each grade in each respective box, worksheet will calculate gpa.

| | | # courses | Points Earned |
|-------------------------|--|-----------|---------------|
| Number of "A" grades | | x 4 = | |
| Number of "B" grades | | x 3 = | |
| Number of "C" grades | | x 2 = | |
| Number of "D" grades | | x 1 = | |
| Number of "F" grades | | x 0 = | |
| Total Number of Points | | | |
| Total Number of Courses | | | |
| Cal-Grant GPA | | | |
